

Google Apps for Ed Support Staff Boot Camp

The Google Apps for Ed Support Staff Boot Camp is specifically designed for district staff members who want a better understanding of the management tools and features of Google Apps for Education.

Learning outcomes for this workshop include:

- Develop an understanding of how Google Apps for Education works
- Explore the features of Google Drive including Docs, Forms, Sheets and Slides
- Investigate other Google tools used for increased productivity
- Use Google Apps to communicate and collaborate more effectively and efficiently

Workshop Facilitators:

Ann Baum (Lincoln Intermediate Unit 12)
Supervisor of Educational Technology
@amjohnston
